Dear Public Service Commissioners,

I am writing to inform you that KLJ has been in communication with the Ward County Planning and Zoning Office. The representatives have been vigilant in informing me of new and/or changing details concerning the Cenex Pipeline LLC *Refined Fuels Pipeline Project* (PU-17-097).

KLJ representatives have asked to appear at the monthly Planning Commission meeting to inform the Commissioners of the activity surrounding the pipeline project. They will be speaking at the regular meeting on July 20<sup>th</sup> at 7pm.

I am pleased with the communication KLJ has been providing during the pipeline development process. I look forward to continuing dialogue with KLJ as the project progresses.

If you have any questions, you can reach me directly at 701-838-0767.

Regards,
