ARTICLE V

Special Provisions

1. Utilities:

A. All new utilities shall be considered as a conditional use and as such shall conform to all requirements put on them by the Township Zoning Commission.

B. No conditional use permit shall be issued unless satisfactory provisions for the following has been made.

1. Underground utilities shall be placed deep enough as not to constitute a hazard to normal farming or general township maintenance.
2. Above ground utilities shall be placed in a manner which will not place undo hardship on normal farming operations.
3. The activities will not result in undo damage or injury to roads, bridges, right-of-ways in the township and to all township public and private property.

4. Excavation costs for purposes of construction or maintenance of a utility shall be borne by contractor or owner of said utility.

5. A road maintenance contract has been negotiated with the township stating responsibilities for maintaining the roads which are used extensively by contractor or owner of said utility.
