**Date:** Tuesday, November 12, 2019 10:40:25 AM

---

Ryan,

Thank you for the opportunity to review the 32MN1401 memo. After review, I find the memo and the proposed measures acceptable for the following reasons: impacts to the 32MN1401 were minimal to none, protective measures will reduce potential future impacts, and construction methods were previously reviewed and approved. If you have any questions regarding the project, please feel free to contact me.

Best regards,

Andrew Clark, PhD
