Mr. Darrell Nitschke, Executive Secretary
North Dakota Public Service Commission
600 E Boulevard Avenue – State Capitol
Bismarck, ND 58505-0480

Dear Mr. Nitschke:

Attached for filing with the Commission are an original and one copy of the North Dakota Access Service Price Schedule.

This filing proposes to remove Uniform Service Order Codes (USOCs), Class of Service Codes and Field Identifier Codes (FIDs) from the tariff. These codes are being removed as part of the consolidation and alignment of CenturyLink's billing system. No rates, terms or conditions will be impacted by the removal of these codes.

CenturyLink is also revising terms associated with cancellation of customer orders contained in this tariff. Current language is not clear as to what happens to the customer's order when the customer fails to respond to company inquiries within 30 days after the original service date. Company processes differ by legacy company on when billing begins and when the orders should be cancelled and there is a strong desire to have standard company processes. Accordingly, Service date Change Language is being revised to a standardized format and language surrounding the number of days the existing service orders can be delayed is being set at 60 days.

If you have any questions regarding this matter, please contact Mark Brinton at 303-992-5832 or via email at Mark.Brinton@CenturyLink.com

Sincerely,

A handwritten signature in blue ink that reads "Mark Brinton". The signature is written in a cursive style and is positioned above the printed name.
