Dear Mr. Nitschke:

On November 3, 2017 the North Dakota Public Service Commission issued an Order on Settlement in the above-described cases granting Otter Tail Power Company's (OTP or Company) request for an advance determination of prudence for the Company's Merricourt Wind Project and Astoria Natural Gas Project. The Commission also granted a Certificate of Public Convenience and Necessity for the Merricourt Wind Project.

During these consolidated matters the Commission granted trade secret protection to certain information designated as trade secret by the Company. The Settlement Agreement approved by the Commission requires OTP to periodically inform the Commission whether trade secret protection is still necessary. Specifically, section 7(d) of the Settlement Agreement provides:

On at least an annual basis, and as more frequently as maybe advisable, OTP shall file a letter with the Commission in these cases advising whether the trade secret information must remain trade secret or if it may be made public.
