RE: North Dakota Telephone Company Exchange and Network Services Tariff

North Dakota Telephone Company (NDTC) respectfully files with the North Dakota Public Service Commission the enclosed revised tariff pages of the NDTC Exchange and Network Services Tariff. We have enclosed both an original and a redlined copy. The effective date for the tariff revision is April 24, 2017.

The filing of the revised tariff Section 5, Page 16 reduces the amount of construction costs the customer is responsible for payment. Section 7, Pages 36-38 removes features that are unavailable in our switch or we are not offering at this time.

If you have any questions or need additional information please let me know and I will be happy to provide this as requested.

Sincerely,

A handwritten signature in blue ink, appearing to read "DD", is written over a horizontal line.

Dave Dircks
CEO/General Manager
North Dakota Telephone Company

5. GENERAL SERVICES

5.8 LINE CONSTRUCTION CHARGES

A. General

Line Construction Charges are applied to additions made by the Company to its central office line facilities outside the Base Rate Area, beyond those now existing to provide for service to business or residence customers.

B. Charges

1. For permanent customers or seasonal customers with permanent service:

- a. For construction provided as part of a major project within an exchange and covered by an Area Coverage Survey, no Line Construction Charges apply.
- b. For construction provided outside the Base Rate Area, the customer shall be responsible for payment of costs of construction exceeding two (2) times the annual primary service revenue. For purposes of determining costs of construction, costs include, but are not limited to, the following:

- (1) Material
- (2) Material overhead
- (3) Installation labor
- (4) Installation labor overhead
- (5) Obtaining Rights-of-way

For purposes of determining costs, the Company may in its sole discretion use reasonable estimates based on materials, work and distances for similar line construction or accumulated actual costs.

2. For customers ordering temporary service:

- a. For Line Construction to temporary locations, payment may be requested in advance based on estimated costs.
- b. For purposes of determining costs for Line Construction to temporary locations, costs include, but are not limited, to the following:

- (1) Material
- (2) Material overhead
- (3) Installation labor
- (4) Installation labor overhead
- (5) Obtaining Rights-of-way
- (6) Cost of removal, less salvage
