Kem Electric will allow MDU to serve 3 phase power to Shane Moch at 5895 22nd ave SE Kintyre ND. Kem is 4700 ft. away and MDU is only 800 ft. away. Kem has no problem with MDU serving this load to the grain bin site, north of the farmyard.

I talked to you the other day about Shawn Moch requesting a 3 phase primary to serve 2 bins north of 59th st se 800' on 22nd ave then into the bin site. The legal address for Shawn is 5895 22nd ave SE Kintyre ND. If we are to serve this customer we need a letter stating that we can serve them and then start the process to go through the PSC.

Thanks,
