Northern States Power Company
2016 Power Purchase Agreement Costs
Compliance

Case No. PU-17-245

NOTICE OF OPPORTUNITY FOR HEARING
June 27, 2017

On June 21, 2017, Northern States Power Company filed a Compliance Filing in accordance with Section I.B.1 of the Comprehensive Settlement Agreement in Case No. PU-12-813 et. al. Section I.B.1 requires the Company to annually provide a list of new Power Purchase Agreements (PPA) less than 50 MW in size that have been included in the Company's Fuel Cost Recovery Rider (FCR) during the previous year. This filing states that the North Dakota jurisdictional share of the costs associated with two new PPAs were added to the FCR in 2016. These PPAs add approximately \$0.0012 per month to the bill for the average residential customer using 750 kWh.

The issues to be considered are:

1. Are these PPAs least cost resources?
2. Is there other relevant information the Commission should consider?

Comments and requests for a hearing must be received by **August 11, 2017**. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. If deemed appropriate, the commission can determine these matters without a hearing.
