**RE: Copies of Permits
North Dakota Pipeline Company LLC
Siting Exclusion Certification
8-inch and 10-inch Crude Oil Pipelines, Williams County
PU-17-246**

Dear Commissioners:

Enclosed for filing on behalf of North Dakota Pipeline Company LLC (NDPL), please find a copy of the *North Dakota Department of Health – General Permit for Stormwater Discharges from Construction*, issued for the referenced project. This is the only permit NDPL was required to obtain for this pipeline relocation scope of work.

Water utilized during pipeline hydrotesting activities is being purchased and transported to the construction site and subsequently transported offsite for disposal upon the completion of testing activities. Consequently, no water usage and/or discharge permitting is necessary. All other permitting activities were completed under Federal Aviation Administration (FAA) oversight as part of the overall Williston Basin International Airport construction permitting effort.

NDPL appreciates the time and attention provided to this matter by the Commission and its Staff. Please contact me at (713) 627-6478 if you have any questions regarding this matter.

Sincerely,

Matt Comeaux
Supervisor, Regulatory Affairs

Attachment: North Dakota Department of Health – General Permit for Stormwater Discharges from Construction

August 11, 2017

North Dakota Pollutant Discharge Elimination System (NDPDES)
General Permit for Stormwater Discharges from Construction Activity
NOTICE OF COVERAGE

Permittee(s)

Owner Contact: Zachary Keller
North Dakota Pipeline Company LLC (Enbridge)
1600 2nd Ave SW
Suite 16
Minot, ND 58701

Operator Contact: Chuck Wymore
Minnesota Limited LLC
18640 200th Street
PO Box 410
Big Lake MN 55309

Coverage under the 2015 reissued construction general permit (NDR10-0000) is identified as follows:

Permit ID: **NDR109333** Site Name: **Williston Airport Relocation Project**

Please remember to update the Stormwater Pollution Prevention Plan (SWPPP) as appropriate for site conditions. The best management practices (BMPs) and temporary structures must be inspected, maintained and adjusted until the site is stabilized following construction activities. Once the site is stabilized as outlined in the general permit, you may end permit coverage by filing a termination notice. Cities or counties may impose additional requirements and/or specific BMPs for construction affecting their storm drainage system. Please check with the local officials to be sure all local stormwater management considerations are addressed.

Additional Information

The permit conditions, forms and related information may be found on our web site at:

www.ndhealth.gov/wq/Storm/Construction/ConstructionHome.htm

Should you have any questions on the permit, please contact the Stormwater Department at 701.328.5210 or stormwater@nd.gov.
