Request To:

Operate a truck scale that deviates from North Dakota Weights and Measures rules as follows:

- 1) Less clearance (47") than required (48") between the finished floor and the "I" beam.

Variance Permit Conditions:

- Once every twelve months, the scale must be retested and adjusted by a registered service company to maintain the required tolerance.
- The twelve month registered service company test report must be submitted to the Commission within seven working days of the test date and a copy retained by CAT Scale Company (Stamart Travel Center).
- The service company test reports must include both the "as found" and "as left" readings in addition to any maintenance notes.
- Except for the specific variance granted by Permit Number 519 and the variance issued on March 6, 1997, the scale must be operated according to all applicable North Dakota Laws and Rules.
- The enclosed Permanent Variance Permit and the variance issued on March 6, 1997 must be posted near the scale in a place clearly visible to the public.
- Failure to comply with the permanent variance permit conditions may result in revocation.
