VIA OVERNIGHT MAIL

June 30, 2017

Mr. Darrell Nitschke
Executive Secretary
North Dakota Public Service Commission
600 East Boulevard Avenue, Twelfth Floor
Bismarck, ND 58505-0480

RE: Federal Communications Commission's 2017 ETC Annual Report

Pursuant to Sections 54.313 and 54.422 of the Federal Communications Commission's Rules (47 C.F.R. §§ 54.313, 54.422), attached please find an original copy of the ETC Annual Report (FCC Form 481) that was filed with USAC and the FCC. The attached is submitted by JSI on behalf of Daktel Communications LLC. An electronic copy of the redacted version has also been submitted.

Please note that some of the information included in the completed FCC Form 481 Report is confidential and proprietary. Confidential information has been placed in an envelope marked "PROTECTED INFORMATION - PRIVATE" and sealed.

Along with this filing you will find enclosed a copy of this transmittal letter marked "File Stamp Copy" to be stamped and returned to JSI as confirmation that the hard copies of this filing have been received by the Commission as well. Please return the stamped copy of this transmittal letter in the envelope provided for this purpose.

Please contact the undersigned if you have any questions.

Sincerely,

Cassandra Heyne, Consultant
Authorized Representative for
Daktel Communications LLC

**Re: WC Docket No. 14-58
2017 ETC Annual Report of Daktel Communications LLC
Study Area Code 386128**

Dear Ms. Dortch:

On behalf of Daktel Communications LLC, JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Also attached is a letter requesting confidential treatment of data pertaining to the broadband deployment locations provided at FCC Form 481 Line 4004A attachment, and outage data provided at Line 200 attachment. The redacted version is also being filed this date via the FCC's Electronic Comment Filing System.

Please direct any questions regarding the filing to the undersigned.

Sincerely,

A handwritten signature in dark ink, appearing to read 'John Kuykendall', written in a cursive style.

**Re: WC Docket No. 14-58
2017 ETC Annual Report of Daktel Communications, LLC
Study Area Code 386128
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Daktel Communications, LLC (the “Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,¹ withholding from public inspection certain information contained in attachments to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is contained in attachments to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. Eligible Telecommunications Carriers (“ETCs”) must report outage information which is contained in an attachment to the 2017 ETC Annual Report. In addition, the Rural Broadband Experiments Order requires that recipients file the FCC Form 481 ETC Annual Report to include broadband deployment locations which are contained in the attachment to the Report.⁴
3. The information contained in attachments for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s outages provided at FCC Form 481 Line 200 attachment, Service

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ *Connect America et al.*, WC Docket Nos. 10-90 and 14-58, Report and Order and Further Notice of Proposed Rulemaking, 29 FCC Rcd 8769, 8778–79, 8787–88, paras. 78-80 (2014) (*Rural Broadband Experiments Order*).

phone: 801-294-4576, fax: 801-294-5124

Outage Reporting, and the entirety of data pertaining to broadband deployment locations provided at FCC Form 481 Line 4004A attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

4. With respect to identifying the degree to which the outage and broadband deployment data contained in the Line 200 and Line 4004A attachments concern a service that is subject to competition, the information pertains to the network and operations of a telecommunications company that has competitors that could benefit if they were able to have access to this information. The Line 4004A attachment contains competitively sensitive information related to the Company's network deployment.
5. With respect to identifying possible exposure to competitive harm, the outage and broadband deployment information contained in the Lines 200 and 4004A attachments is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachments, the Company is filing the attachments under seal. The Company uses the broadband deployment information to ensure that customers in the areas where it has received rural broadband experiment support will receive state-of-the-art high quality telecommunications and broadband services. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. The Commission has previously concluded that there is a presumptive likelihood of substantial competitive harm from disclosure of outage

information.⁵ The Commission also determined the disclosure of outage reporting information to the public could present an unacceptable risk of more effective terrorist activity and could therefore result in potential harm to the public and the national defense.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's outage data provided at FCC Form 481 Line 200 attachment and broadband deployment locations provided at FCC Form 481 Line 4004A attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President

Select the appropriate responses below (Yes, No, Not Applicable) to note compliance as a recipient of Incremental High Cost support, High Cost support to offset access charge reductions, and Connect America Phase II support as set forth in 47 CFR § 54.313(b),(c),(d),(e). The information reported on this form and in the documents attached below is accurate.

Incremental Connect America Phase I reporting

- <2011> 3rd Year Certification 47 CFR §54.313(b)(1)(ii) - Note that for the July 2017 certification, this applies to Round 2 recipients of Incremental Support.
- <2022> Recipient certifies, representing year three after filing a notice of acceptance of funding pursuant to 54.312(c), that the locations in question are not receiving support under the Broadband Initiatives Program or the Broadband Technology Opportunities Program for projects that will provide broadband with speeds of at least 4 Mbps/1Mbps - 54.313(b)(2)(i). Round 2 recipients only.
- <2023> The attachment on line 2024 includes a statement of the total amount of capital funding expended in the previous year in meeting Connect America Phase I deployment obligations, accompanied by a list of census blocks indicating where funding was spent. This covers year three - 54.313(b)(2)(ii). Round 2 recipients only.
- <2024A> Round 2 Recipient of Incremental Support?
- <2024B> Attach list of census blocks indicating where funding was spent in year three - 54.313(b)(2)(ii). Round 2 recipients only.
- <2025A> Round 2 Recipient of Incremental Support?
- <2025B> Attach geocoded Information for Phase I milestone reports (Round 2 for year three) - Connect America Fund, WC Docket 10-90, Report and Order, FCC 13-73, paragraph 35 (May 22, 2013).

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas? Yes

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided. No - No New Anchors

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year. Name of Attached Document Listing Required Information

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481. RBE_Line_4004A_Deployed_Locations
Daktel.xlsm

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area. 386128nd4004b.pdf

Daktel Communications LLC

Demonstration of Compliance with Applicable Service Quality Standards and Consumer Protection Rules

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Daktel Communications LLC (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under federal law and, to a limited extent under North Dakota state law as a telecommunications carrier subject to North Dakota Public Service Commission regulation. These obligations include, but are not limited to, the following: (1) adherence to state requirements that the Company complies with consumer protection

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

and service quality standards pursuant to North Dakota Administrative Code Article 69, including customer requests for lowest price service alternatives (69-09-05-01), discontinuance of telecommunications services (69-09-05-02), deposits and guarantees (69-09-05-03); (2) truth-in-billing requirements, and (3) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order* when it becomes effective.

Daktel Communications LLC

Inc. Demonstration of Ability to Function in Emergency Situations

Daktel Communications LLC (“Company”) hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2)¹ and North Dakota Administrative Code 69-09-05-12. The Company’s voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company’s central office can maintain 8 hours, plus or minus 15 percent, of battery reserve rated for peak traffic load requirements, and a permanent auxiliary power unit is installed. The Company has battery backup at all office locations and in its electronic equipment sites capable of running for a minimum of 8 hours, plus or minus 15 percent. Length of run time is determined by the equipment serving the area and the number of

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

customers working out of the equipment. Generators are installed at all Central Office locations. They will continue to run as long as the Company has access to fuel. The Company tests the batteries at least once per year. The Company complies with the FCC's backup power requirements, effective October 2015.

Dear Stutsman County Resident:

A few weeks back we stopped by your residence and left information about our Fiber-to-the-Home project coming to your area. The FCC has designated an area directly to the west of the city of Jamestown to receive funding as part of an experimental grant program. This is great news, as we are now able to provide high-speed broadband, digital television and telephone service via fiber optic cable. There is great demand for these services from this area due to limited availability in the past.

Because we have funding available to assist with a portion of the costs to construct the network, we are able to bring the fiber network to your home or business free of charge at this time. Since the grant is intended to extend broadband service into rural areas, a two-year commitment for Internet service is required. Digital TV and telephone are optional services. However, you can obtain significant discounts by subscribing to multiple services. **After the 2016 construction period, requests for services will be done on a cost basis, which can be up to \$10,000 per mile plus 100% of the home wiring costs.**

We will begin construction for the fiber facilities this spring, with services coming online by late summer or early fall. In order to bring you these advanced services and technology, we will need to wire your home with Cat5 wire for TV and Internet. We provide the wiring free of charge for two TV connections and one Internet connection; additional wiring is charged by time and material. Wiring is scheduled to begin very soon which will expedite the cutover process once construction is completed. **Therefore, we will need your application returned to us as soon as possible in order to schedule your wiring appointment.**

Please find enclosed information regarding the services we provide and an application form. If you are interested in our services, **please complete and return the form to us as soon as possible.** If you do not own the residence where you live, request a drop permit from our business office and have the owner of the property sign it and return to us.

If you have already received this information, please disregard. If you have any questions please visit us at our Jamestown office or call 952.1000. We look forward for the opportunity to serve you in the very near future!

Sincerely,

Keith A. Larson
CEO/GM

LIFELINE PROGRAM CERTIFICATION FORM (back)

Effective December 2, 2016, Lifeline customers are required to remain with their service providers for a minimum period before they can transfer their benefit to another carrier.

Telephone Only - 60 days

Premium Connection - 60 days

Basic or Social Internet Only - 12 months

Net Connection, Ultimate Connection or VIP Connection - 12 months

SECTION 4: Required Certifications

- The information provided on this certification is true and correct to the best of my knowledge and I understand that providing false or fraudulent information to receive Lifeline Program benefits is punishable by law. The Lifeline Program is a government benefit program and I understand that if I make false statements in order to obtain the benefit I can be punished by fine or imprisonment or may be barred from the program.
- I have read the information on this certification and I meet at least one of the qualifications to receive the Lifeline Program benefits on my telephone or internet service. I will notify Dakota Central within 30 days if for any reason I no longer satisfy the criteria for receiving Lifeline, including no longer meeting the income-based or program-based criteria, I receive more than one Lifeline Program benefit, or another member of my household is receiving a Lifeline Program benefit. I understand that I may be penalized if I do not make the above notifications.
- I am aware that my household can receive only one Lifeline Program benefit for one telephone or one internet service and, to the best of my knowledge, no one in my household is receiving a Lifeline Program benefit from Dakota Central or another telephone company.
- I understand that Lifeline Program benefits are non-transferable and I am not able to transfer my Lifeline-supported service to any other individual, including another eligible low-income consumer.
- If I move to a new address, I will provide that new address to Dakota Central within 30 days. If I have provided a temporary residential address to Dakota Central I understand that I am required to verify my temporary residential address every 90 days.
- I understand that I may be required to re-certify my continued eligibility for Lifeline Program benefits at any time, I am also aware that there is an annual re-certification requirement, and failure to re-certify my continued eligibility will result in de-enrollment and the terminations of my Lifeline Program benefits.
- I authorize Dakota Central to give my name, telephone number and address to the Universal Service Administration Company (USAC) and or its agents for the purpose of verifying that I do not receive more than one Lifeline Program benefit. In the event that USAC identifies that I, or my household, am receiving more than one Lifeline Program benefit all carriers involved may be notified so that I may select one service and be de-enrolled from the other.
- **I have read the above information and I certify under penalty of perjury that the above information is true and correct to the best of my knowledge.**
