Re: Foxtail Wind, PU-17-284: Supplemental Reports

Dear Mr. Nitschke:

Foxtail Wind, LLC ("Foxtail") makes this filing to submit updated reports and surveys for the Foxtail Wind Energy Center in the above-captioned case. Enclosed please find an original and ten copies of the following for the Foxtail project:

1. Architectural History Report Summary;
2. Fall 2014 and Spring 2015 Avian Surveys;
3. Dakota Skipper Habitat Suitability Resurvey;
4. Final Eagle Report; and
5. 2014 Native Prairie Survey.

Also enclosed is a CD containing the above materials.

Accordingly, Foxtail respectfully requests that the Commission deem its application in this matter complete at the earliest date possible, and that the Commission schedule the hearing in this matter during October or early November 2017. Foxtail does not anticipate any further changes to the project's layout or any additional impacts, and therefore believes that its application is fully complete. A hearing during the October/November timeframe will allow sufficient time to receive necessary Commission approvals and, ultimately, to transfer the project to Northern States Power Company expeditiously.

Very truly yours,

Stinson Leonard Street LLP

Aaron K. Friess
