Re: Notice of Filing and Notice of Hearing
Corrected Hearing Date

On October 4, 2017 the Commission issued a Notice of Filing and Notice of Hearing in the above case. This Notice was served on you on October 5, 2017. The Notice you received mistakenly indicated a November 30th public hearing date.

The **correct date for the public hearing is November 20, 2017**, at 11:00 a.m. Central Time, at the Fireside Restaurant, 415 1st Ave N, Ellendale, North Dakota 58436. The Notice of Filing and Notice of Hearing being published in the Dickey County Leader and the Oakes Times should be the correct November 20, 2017 hearing date.

On October 18, 2017, the Public Service Commission corrected this administrative error by motion and directed staff to docket and serve the Notice with the correct date. A copy of the Commission Motion to this effect, and the notice with the correct hearing date is enclosed.

We apologize for any inconvenience this may have caused.

Best regards

NOTICE OF FILING AND NOTICE OF HEARING

October 4, 2017

A public hearing on the application for Case No. PU-17-284 is scheduled for **November 20, 2017, at 11:00 a.m. Central Time, at the Fireside Restaurant, 415 1st Ave N, Ellendale, North Dakota 58436.**

On July 17, 2017, Foxtail Wind, LLC filed an application for a Certificate of Site Compatibility to authorize construction of a proposed 150 MW Foxtail Wind Energy Center in Dickey County, North Dakota as shown on the attached map. The issues to be considered in this matter are:

1. Will the location, construction, and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?
