Re: Foxtail Wind, LLC - Foxtail Wind Energy Center (PU-17-284) - Dickey County, North Dakota

The North Dakota Geological Survey appreciates the notification and opportunity to review and provide comment on the proposed wind energy development project. The Notice of Filing and Notice of Hearing of October 4, 2017 was reviewed on October 5, 2017.

Regarding the location of this project we do have an Area of Landslide Map that was completed in 2016 for the Merricourt SW 7.5' Quadrangle. This map covers the project area and surrounding vicinity and does contain some small localized areas of landslides near the project area that should be noted.

This map and associated data files are available on our website at:

https://www.dmr.nd.gov/ndgs/landslides/Lamoure/Merricourt_SW_24k_1.pdf

Please feel free to contact our offices at any time with any additional questions, comments, or concerns at (701) 328-8000 or via email at fjanderson@nd.gov

Sincerely,

North Dakota Geological Survey:

Fred Anderson
Geologist
