 - USFWS Wetland Easement
 - USFWS Wetland and Grassland Easement
 - USFWS Wetland Basin
 - Delineated Wetlands
 - Prime Farmland
- Occupied Receptors**
- Participating (receptor on land signed with project)
 - Non-Participating (receptor on land that is not signed with project)

*Cultural and Tribal constraints are confidential under ND Century Code and have been excluded from this mapbook.
 †High quality native prairie is based on the definitions provided in the Wildlife Conservation Strategy.

Foxtail Wind Energy Center
 Dickey County, ND

Sheet Map: 11

- Legend**
- Proposed Project Features**
- Turbine Layout
 - Skipper Habitat: Good/Possible
 - Skipper Habitat: Poor/Unlikely
 - Cropland or Tame
 - Permanent Met Tower (05-26-2017)
 - Collection System (08-18-2017)
 - County Road
 - Crane Paths
 - Service Roads (08-30-2017)
 - State Highway
 - Construction Easement (08-30-2017)
 - Batch Plant
 - O&M Building
 - Substation
 - Switchyard
 - Project Boundary (01-03-2017)
 - House Setbacks (1400ft Buffer)
 - High Quality Native Prairie (within Project Area)
- Environmental Constraints**
- Active Raptor Nest (300ft Buffer)
 - Lek (500ft Buffer)
 - USFWS FWA Easement
 - USFWS Grassland Easement
 - USFWS Wetland Easement
 - USFWS Wetland and Grassland Easement
 - USFWS Wetland Basin
 - Deinvated Wetlands
 - Prime Farmland
- Occupied Receptors**
- Participating (receptor on land signed with project)
 - Non-Participating (receptor on land that is not signed with project)

*Cultural and Tribal constraints are confidential under ND Century Code and have been excluded from this mapbook.
