RE: CHS, Inc.
Discontinue Business

The Commission received a request from CHS, Inc. to discontinue licensing its grain facility in Lignite, North Dakota. CHS, Inc. notified staff that the facility has been sold. The new owners, Pipeline Foods, Inc., are in the process of opening the facility as an organic elevator. The elevator should be opened around the beginning of September. The facility is empty and there are no unpaid scale tickets or open contracts.

I recommend the request be approved. A corresponding motion and order are attached.
