Shelly,

Just a heads up, the scale project for Schlumberger in North Dakota (Fairview) is not happening. We are pulling the rental out tomorrow (which has not been installed) and will not be installing any other scales. I am not sure at this time if they are going to use another scale company or not for any scales in the future. As for our variance, the Avery Weigh Tronix scales will not be installed or used at this time.

Please contact me with any other questions. thank you.

Very truly yours,

Dylan Moses
