### Generate an Annual Report To File

To Generate a Annual Report form to be filed with the Secretary of State, select the appropriate year of the report you intend to file. This report does not contain details of a report previously filed with the Secretary of State. The annual report years reflected are an indication of the various report forms available in this site and is not an indication that an entity needs to file reports for all years. Missing years indicate that the forms for the missing year have not yet been deployed to the website, or have already been removed, and can be obtained by contacting the Secretary of State.

The resulting tolerance class of the weight is determined by combining the correction of the weight and the uncertainty of the measurement. The corrections given above correlate to a conventional mass scale versus 8.0 g/cm<sup>3</sup> density and an air density of 1.2 mg/cm<sup>3</sup> at 20 °C. The items listed above have been calibrated using the Standards of the State of Minnesota which are currently in control. These standards are traceable to the SI through NIST. Calibration processes were monitored and found to be in control. All of the tolerances and specifications were evaluated according to NIST Handbook 105-1 (1990). Uncertainty calculations contain the components in NIST SOP 8 and conform to the ISO/IEC Guide to the Expression of Uncertainty in Measurement (2008), including coverage factors (k) calculated at the approximate 95.45 % confidence level. Results apply to items identified in this report only.

These labels should adhere to the quality requirements. They are run on polyester with a clear over-laminate. I will have Troy get you a sample as soon as they are delivered.

Otherwise, are we good to go?

Good Afternoon Jenna

In addition to adding the words "tested and approved" to the sticker, the registered service company name on the sticker must match the company name as registered with the North Dakota Secretary of State. According to my business records search on the Secretary of State's website, there are three Fujitsu companies registered to do business in North Dakota: 1) Fujitsu America, Inc.; 2) Fujitsu Computer Products of America, Inc.; and 3) Fujitsu Network Communications, Inc.

If you plan on doing business in North Dakota using a name other than one of those registered, please contact the Secretary of State at 701-328-4284 to register the business name.

If you have any additional questions, please contact me. Thank you!
