**NOTICE OF OPPORTUNITY FOR HEARING**

**November 16, 2017**

On October 27, 2017, Northern States Power Company (NSP) filed an application for a certificate of public convenience and necessity. NSP proposes to acquire and operate a proposed 150 MW Foxtail Wind Project in Dickey County as part of a portfolio of wind projects that NSP contends will result in significant energy cost savings. The issues to be considered in this matter are:

1. Whether public convenience and necessity will be served by construction and operation of the facilities.
2. Whether the applicant is fit, willing, and able to provide service.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceedings and the reasons for requesting a hearing. Comments and requests for hearing must be received by **December 27, 2017**. If deemed appropriate, the Commission can determine the matter without a hearing.
