Subject: RE: Request for Extension - Approved

Good Afternoon Ardyce

The Commission received your request for permission to use your standards (1 – 5 gallon test measure and 1 – 100 gallon refined fuel prover) past the expiration date of the current metrology (February 24, 2018). The calibration due date is extended to May 18, 2018 only under the condition that the standards remain in good condition with no damage that would affect the accuracy.

If you have any questions, please contact me. Thank you!

Subject: Request for extension, and date of scheduled recertification of provers

CAUTION: This email originated from an outside source. Do not click links or open attachments unless you know they are safe.

Good afternoon Shelly

I am e-mailing you a request for an extension on our prover, 5 gallon and 100 gallon. I do have a scheduled appointment for May 18th, 2018 in Minneapolis MN, to get recertified. If you have any questions please call me at 701-663-3732.

Thank you
