December 6, 2017

Bob Fogarty
CHS Inc.
Box 429
Minot ND 58701

Dear Mr. Fogarty:

The Commission received the adhesive sticker used by CHS, Inc. to show visual proof of certification of its loading rack meters.

N.D. Admin. Code § 69-10-01-03 requires the adhesive sticker must contain, in addition to other items, the registered service company name and the words "tested and approved." The adhesive sticker you submitted contains the company name as CHS and only the words "tested approved." At this time you are not being required to order new stickers; however, the sticker must be corrected to contain CHS, Inc. as the company name and the words "tested and approved" when you place the next order.

If you have any questions, please contact me. Thank you.

Sincerely,

Konrad Crockford
Compliance Division
