In re: ONEOK Rockies Midstream, L.L.C.
Cherry Creek Lateral Pipeline Conversion Project
McKenzie & Williams Counties
Case No. PU-17-483
Our File No. 072530-000018

Dear Pat:

I am in receipt of your December 19, 2017, letter regarding the above-referenced application. With respect to the first paragraph of your letter, Alex Township in McKenzie County is the only township traversed by the proposed corridor that has retained zoning authority. For your reference, I have attached the contact information for Alex Township as well as a table listing all of the townships within both Williams and McKenzie Counties through which the corridor passes. The table also includes the contact information for the chairman of the Board of County Commissioners for each county. In accordance with N.D. Admin. Code 69-06-05-01(4), ONEOK has served a copy of the application on the auditors of both counties in conjunction with the filing of the application. The corridor is not located within any city boundaries.

Sincerely,

A handwritten signature in black ink that reads "Wade C. Mann".

Letter Re Township, City and County Contact Information

ONEOK Rockies Midstream, L.L.C.

Wade C. Mann, Crowley Fleck PLLP

Williams County

Williams County is responsible for overseeing all zoning within the county and none of the townships within the county have retained zoning authority. While townships do not have retained zoning authority, the county will ask a township for its recommendation on a project if it is within a township's boundaries. However, Williams County does not require a conditional use permit or regulate zoning for any pipeline project that is subject to state or federal regulation.

Township	Position	Name	Contact
