Cherry Creek Lateral Pipeline Conversion Project
McKenzie & Williams Counties
Case No. PU-17-483
Our File No. 072530-000018

Dear Mr. Nitschke:

Enclosed for filing are eleven copies of the remaining landowner waivers required in the captioned case. Also enclosed is a summary table identifying the location of the inhabited properties within 500 feet of the route and their ownership. The enclosed summary table and waivers supplement the landowner waivers in Exhibit E to the application in this case that has been entered as Docket No. 1.

Please feel free to contact the undersigned should you have any questions. Thank you.

Sincerely,

Wade C. Mann

RE: ONEOK Rockies Midstream, L.L.C. – Lonesome Creek to Stateline NGL conversion
Project notification and request for review

Dear Mr. Tracy,

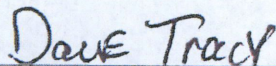

Please review the attached site map, noting the existing location of an underground pipeline and associated facilities included in the Lonesome Creek to Stateline 12" NGL Conversion project's application, which ONEOK Rockies Midstream, L.L.C. intends to file with the North Dakota Public Service Commission. The project involves the conversion of approximately 45 miles of existing 12-inch-diameter steel pipeline in Williams and McKenzie Counties, ND from its current use as a natural gas gathering pipeline to an NGL transmission pipeline.

The attached site map indicates that the project is located within 500 feet of your residence or business. By signing below, you are confirming that you have no objection to the project, or the future, continued operation and maintenance of the pipeline. Since the pipeline and facilities are existing, no construction activities will occur near your residence or business as a result of the conversion. Your cordial cooperation in this matter is greatly appreciated.

Respectfully,

Tom Giltner
