RE: Response to NSP's TCJA Renewable Energy Rider tariff revision
Case No. PU-18-155 & PU-17-490

On February 6, 2019 the Commission issued an Order approving the tax cuts and jobs act (TCJA) settlement agreement in case PU-18-155.

On February 13, 2019 Northern States Power Company (NSP) filed a renewable energy rider tariff revision. The filing modifies the tariff language to allow recovery of renewable energy projects owned by NSP and located outside of North Dakota. The original tariff language only allowed recovery in this rider if the project was owned by NSP and located in North Dakota.

Staff has reviewed the filing to ensure that it is consistent with the February 6, 2019 Order and settlement agreement. Staff believes that NSP's filing complies with the Commission's Order and settlement agreement.
