**PUBLIC SERVICE COMMISSION**

**Andeavor Field Services LLC**  
**8" & 6" NGL Pipelines – McKenzie, Billings, Stark**  
**Siting Application**

**Case No. PU-18-72**

**NOTICE OF FILINGS AND PUBLIC HEARING**

**March 29, 2018**

A public hearing on the application in Case No. PU-18-72 is scheduled for **May 14, 2018, at 10:00 a.m. Central Time at the Grassy Butte Community Hall, Grassy Butte, North Dakota 58634.**

Andeavor Field Services LLC (Andeavor) filed a consolidated application for a corridor certificate and route permit for the location of a natural gas liquids pipeline, approximately 17-miles long, in McKenzie County; for a natural gas liquids pipeline, approximately 22-miles long, in Billings and Stark Counties, and for four natural gas liquids pipelines, each approximately 5 miles long, in Stark and Billings Counties, all shown on the attached map.

Andeavor also filed an application for waivers of procedures and time schedules established under North Dakota Century Code chapter 49-22.1, and North Dakota Administrative Code section 69-06-01-02 and chapter 69-06-06, regarding separate notices and separate hearings on such applications.

The issues in the application for waiver of procedures and time schedules are:

1. Are the proposed facilities of such length, design, location, or purpose that they will produce minimal adverse effects and that adherence to applicable procedures and time schedules may be waived?
2. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

The issues in the consolidated application for a certificate of corridor compatibility and a route permit are:

1. Will the location and operation of the proposed facility produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Is the proposed facility compatible with the environmental preservation and the efficient use of resources?

3. Will the proposed facility location minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

If determined that a waiver of procedures and time schedules is appropriate, the Commission may consider the application for a corridor certificate and route permit without further notice.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance.
