BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF NORTH DAKOTA

IN THE MATTER OF THE
APPLICATION OF QEP FIELD
SERVICES, LLC AND ANDEAVOR
FIELD SERVICES LLC FOR A
TRANSFER OF CERTIFICATE OF
SITE COMPATIBILITY NO. 38

CASE NO. PU-18-_____

**APPLICATION FOR TRANSFER OF CERTIFICATE OF SITE COMPATIBILITY
BASED ON NAME CHANGE**

Pursuant to Chapter 49-22.1 of the North Dakota Century Code, Article 69-06 of the North Dakota Administrative Code, and Section 69-02-02-04 of the North Dakota Administrative Code, Andeavor Field Services LLC (“Andeavor”), successor by name change to QEP Field Services, LLC (“QEP”) (hereinafter collectively referred to as “Applicants”), respectfully submit this Application (“Application”) for the Transfer of Certificate of Site Compatibility No. 38 (“Certificate”) from QEP to Andeavor. The Certificate was originally issued by the North Dakota Public Service Commission (“Commission”) to Whiting Oil and Gas Corporation (“Whiting”) in Case No. PU-13-835 for the Robinson Lake Gas Plant located in Mountrail County, North Dakota. *See* Case No. PU-13-835, Docket No. 38. The Certificate was then transferred to QEP on June 30, 2017. *See* Case No. PU-17-117, Docket No. 14.

I. Statutory Authority.

Transfer of a certificate of site compatibility is authorized under Section 49-22.1-04 of the North Dakota Century Code and Section 69-06-01-02(4) of the North Dakota Administrative Code. Pursuant to these provisions and North Dakota Century Code Section 49-22.1-10(2), the Commission is not required to hold a public hearing on an application for such transfer unless there is both a request by an interested person and a showing of good cause.

II. Background.

Pursuant to the Commission's Order dated May 28, 2014, the Commission approved the issuance of the Certificate to Whiting for the construction, operation, and maintenance of the Robinson Lake Gas Plant (the "Plant") located in Mountrail County, North Dakota. *See* Case No. PU-13-835, Docket No. 38. When originally constructed in 2007, the Plant had a processing capacity of less than 100 million standard cubic feet per day ("MMSCFD"), and did not require siting by the Commission. After being placed into service in 2007, the capacity of the Plant was modified to meet the increased regional demand for additional gas processing capacity. In October 2013, Whiting proposed further expanding the Plant from 97.5 MMSCFD to 110 MMSCFD to meet increased demand. In May 2014, the Commission approved the expansion and issued the Certificate.

By order of the Commission dated June 30, 2017, the Certificate was transferred and reissued to QEP upon application for transfer by Whiting and QEP. *See* Case No. PU-17-117, Docket No. 14.

III. Application for Transfer of Certificate of Site Compatibility.

Applicants now respectfully request the transfer of the Certificate from QEP to Andeavor. In support thereof, Applicants state as follows:

1. QEP was a Delaware limited liability company authorized to conduct business in the State of North Dakota. In accordance with N.D. Admin. Code § 69-02-02-04(3)(c), the corporate documents of QEP were previously filed with the Commission in Case No. PU-17-116.

2. In 2017, QEP changed its name from QEP Field Services, LLC to Andeavor Field Services LLC. A copy of the Amended and Restated Certificate of Formation from the Delaware Secretary of State is attached hereto as **Exhibit A**.

3. Andeavor is also authorized to do business in the State of North Dakota. A Certificate of Good Standing for Andeavor from the Secretary of State for the State of North Dakota is attached hereto as **Exhibit B**.

4. The change from QEP to Andeavor relates only to the name under which the Certificate should properly be issued, with no operational changes having occurred or anticipated in the future for the Plant.

5. Andeavor agrees to assume the rights and obligations of the Certificate, as well as the conditions and limitations set forth in the Findings of Fact, Conclusions of Law and Order, dated May 28, 2014 (Case No. PU-13-835), issuing the Certificate. *See* Affidavit of James Sanford, provided herewith. Andeavor further agrees to assume the rights and obligations set forth in the Order on Reissuing Certificates and Permit dated June 30, 2017 (Case No. PU-17-117), issuing First Reissued Certificate of Site Compatibility No. 38, and any other conditions set forth in subsequent orders of the Commission with respect to the Certificate.

6. Pursuant to the Application, Applicants seek the transfer of the Certificate to Andeavor.

WHEREFORE, Applicants respectfully request that the Commission:

1. Grant, without a notice of opportunity for hearing or a public hearing, a transfer of Certificate of Site Compatibility No. 38 to Andeavor Field Services LLC; and
2. Grant such other relief as the Commission shall deem appropriate.

Dated this 22nd day of March, 2018.
