**RE: In the Matter of Otter Tail Power Company's Application for Approval of Tariff Changes to Facilitate Implementation of a New Customer Information System
Case No. PU-18-106
Supplemental Filing**

Dear Mr. Nitschke:

On June 28th, Otter Tail Power Company (Otter Tail) submitted a filing to notify the Public Service Commission of the implementation of a new Customer Information System (CIS) which is scheduled to go into operation on October 1, 2018. On August 21st a supplemental filing was made in order to provide updated information to the initial filing.

This letter is to correct a statement made in the initial filing from June 28th. On page 3 of the filing (page 4 of 145 in the application) under the General Filing Information section, item H, the following statement was made:

The changes relate to bill administration and methodology driven by the new customer information system and do impose additional or increased rates or fees on Otter Tail's customers.

The corrected version of this sentence should read as follows:

The changes relate to bill administration and methodology driven by the new customer information system and do **not** impose additional or increased rates or fees on Otter Tail's customers.
