Subject: FW: PSC and siting of refineries

Hi Pat -- I would like to send Jan a copy of the correspondence we have had with the company on this subject, both our letters and the company's response. Can you direct me to such. THANKS!

Julie

> Hi Jan -- Good to hear from you. The information you received about the 55,000 threshold for siting is correct. We have been in touch with Meridian several times regarding their plans and are continually told that they are not permitting at our level. I will follow up again. Thanks for the heads up.

That is the figure projected by Meridian. While Meridian is planning to come on line in two phases, so far Billings County, the SWC and the DOH are holding them to the entire project when considering applications.
