Dear Mr. Moos:

Dakota Westmoreland Corporation (DWC) is responding to the remedial action warranted in NOV1801, issued to DWC on July 3, and then received by DWC on July 5, 2018.

DWC has completed the following action items as summarized in NOV1801:

- Topsoil has been respreads on the affected area,
- The affected area has been seeded; and,
- The 100-foot buffer zone on the north side of Emmaus Cemetery has been clearly marked.

All activities have been completed within the abatement time (15 days) as outlined in NOV1801. DWC does not wish to request a mine site hearing, informal conference, or formal public hearing for NOV1801; likewise, DWC will not request temporary relief for NOV1801. Please contact me should you have any concerns or questions.

Sincerely,

Jody Mann
Mine Manager
