Emmons County Courthouse Auditorium

100 4th St. NW

Linton, ND

- I received a call on December 5, 2018 from Tammy Ibach, North Dakotans for Comprehensive Energy Solutions wanting the Commission to know that there will be a number of supporters of wind energy present at the Hearing associated with North Dakotans for Comprehensive Energy Solutions to show their support of wind generation. Tammy stated that she will be greeting the Commissioners and will be on the radio promoting wind generation that morning (Linton is also Tammy's hometown). I provided this information to the Commissioners.
- Attorney Bob Harms called on December 4, 2018, and voiced his concerns about the opposition. He indicated that there have been some heated exchanges. Just wanted to give the Commission a heads up and wanted us to be aware that there may be a large group in attendance at the Hearing in opposition to wind generation, which he called, the Red Shirts. I provided this information to the Commissioners.
