**Langdon Wind, LLC / Langdon Renewables, LLC  
Transfer of Site Certificate  
Siting Application**

**Case No. PU-18-336**

**ORDER ON REISSUING CERTIFICATE**

**November 8, 2018**

**Preliminary Statement**

On May 31, 2007, in Case No. PU-07-26, the Commission issued Certificate of Site Compatibility Number. 6 to Langdon Wind, LLC (Langdon Wind) authorizing construction of a 159 MW Langdon Wind Energy Center (LWEC) in Cavalier County, North Dakota.

On May 7, 2008, in Case No. PU-07-722, the Commission issued First Amended Certificate of Site Compatibility No. 6 to Langdon Wind authorizing expansion of the LWEC to include an additional 40.5 MW.

On July 16, 2008, in Case No. PU-08-159, the Commission issued Second Amended Certificate of Site Compatibility No. 6 to Langdon Wind and Certificate of Site Compatibility No. 8 to Otter Tail Power Company (Otter Tail) authorizing the transfer of ownership of a 40.5 MW portion of the LWEC from Langdon Wind to Otter Tail.

On September 5, 2018, the Commission issued Third Amended Certificate of Site Compatibility No. 6 to Langdon Wind, removing the 159 MW limitation.

On September 11, 2018, Langdon Wind, LLC and Langdon Renewables, LLC filed a joint application to transfer Third Amended Certificate No. 6 from Langdon Wind to Langdon Renewables, LLC.

On September 26, 2018, the Commission issued a Notice of Opportunity for Hearing, setting October 22, 2018 as the deadline for filing comments and requests for hearing regarding the application. Due to publication requirements, the September 26, 2018 notice could not be published in the required newspaper in sufficient time to meet the October 22, 2018, filing deadline.

On October 10, 2018, the Commission issued a second Notice of Opportunity for Hearing that provided until November 5, 2018 for receiving written comments and hearing requests. No response was received. The notice identified that the issues to be considered in this matter are whether Langdon Renewables, LLC agrees and is able to comply with the terms and conditions of the certificate and whether the requested transfer is compatible with the public interest.

## Discussion

Langdon Renewables, LLC and Langdon Wind, LLC are both Delaware Limited Liability Companies and wholly-owned indirect subsidiaries of NextEra Energy Resources, LLC (NEER), which is a wholly-owned indirect subsidiary of NextEra Energy, Inc, (NextEra). NextEra is a national developer of wind energy projects that reports consolidated revenues of \$17.2 billion and approximately 47,790 MW of net generating capacity as of year-end 2017.

As a result of a pending tax equity transaction, Langdon Wind, LLC will transfer its assets to Langdon Renewables, LLC.

The affidavit of Alex Rubio, Vice President, Business Management on behalf of Langdon Renewables, LLC indicates that Langdon Renewables, LLC agrees to assume the rights and obligations of the Certificate and to comply with the terms and conditions set forth therein and all applicable Commission orders pertaining thereto.

Having considered this matter, the Commission finds Langdon Renewables, LLC agrees and is able to comply with the terms and conditions of the certificate and the requested transfer is compatible with the public interest. Therefore, the Commission issues its:

## Order

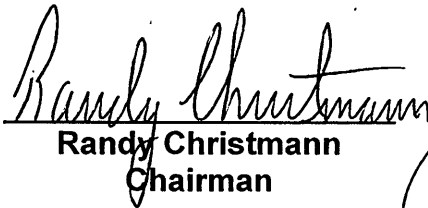

The Commission Orders:

1. The application for transfer of Third Amended Certificate of Site Compatibility Number 6 is granted.
2. First Reissued Third Amended Certificate of Site Compatibility Number 6 is issued to Langdon Renewables, LLC.
