Re: Dakota Natural Gas, LLC, Compliance Tariffs and Rates

Case No. PU-18-345

On January 2, 2019 Dakota Natural Gas, LLC (DNG) filed gas compliance tariffs and rates per the Commission's Order dated December 13, 2018. Staff has reviewed the filing to ensure that the tariffs and rates comply with the Commission's Order and that the tariff language is reasonable and appropriate.

DNG has adjusted the facility fee and distribution charge per Ccf for the residential and small commercial class customers as required by the Order. The effective date of the tariffs was also updated to January 1, 2020. All other tariff language and rates are as DNG had proposed in their November 15, 2018 amended tariff filing.

Staff believes that DNG's filing complies with the commission's Order and recommends approval of the tariffs.
