

ND ONE-CALL COMPLAINT

Public Service Commission

SFN 59067 (5-17)

To allege a violation of the One-Call Excavation Notice System Law: North Dakota Century Code Chapter 49-23

PART A – WHO IS SUBMITTING THIS COMPLAINT (COMPLAINANT)

Company/Person Loebro Pipeline / Donnie Gillett	Street Address 5831 123rd Drive NW	City Epping	State and Zip Code ND 58801
Telephone and Cell Phone Number Cell: 307-254-0110	Email Address DGillett@loebro.com		Date 9/18/18
<input checked="" type="checkbox"/> Complainant is willing and able to testify on the complaint if matter goes to formal hearing			

PART B – WHO VIOLATED THE ONE-CALL REGULATIONS (RESPONDENT)

Company/Person Oneok / Mark Zimprich	Street Address 12268 26F St. NW Suite D	City Watford City	State and Zip Code ND 58854
Telephone and Cell Phone Number 701-590-5674	Email Address mark.zimprich@oneok.com		

PART C – ALLEGED VIOLATION

<input type="checkbox"/> Operator failed to provide or update the information provided to the notification center on a timely basis <input type="checkbox"/> Excavator failed to provide excavation or location notice at least 48 hours before beginning any excavation <input type="checkbox"/> Excavator failed to provide required information in excavation or location notice <input type="checkbox"/> Notification center failed to transmit the notice to every operator that has an underground facility in the area of the excavation <input type="checkbox"/> Notification center failed to inform the excavator of the names of operators of underground facilities in the area <input checked="" type="checkbox"/> Operator failed to locate and mark underground facility within 48 hours <input type="checkbox"/> Excavation started prior to underground facility locate <input checked="" type="checkbox"/> Operator failed to mark underground facility within 24 inches horizontally <input type="checkbox"/> Excavator failed to renew excavation or location request prior to the expiration of the twenty-one-day period <input type="checkbox"/> Excavator failed to conduct the excavation in a careful and prudent manner to avoid damage of underground facilities <input type="checkbox"/> Excavator failed to maintain the markings during excavation <input type="checkbox"/> Other (identify the specific section of NDCC Chapter 49-23) _____
Location of Violation: Township 155N, Range 99W; N1/2, NW1/4, SEC 14
Date and Time of Violation: 8/8/18 12:01AM
Description (summarize the observations on which you rely to allege the violation) <i>If more space is required, please provide the description on a separate page.</i> Please see attached

PART D – DAMAGE

Fatalities	Injuries	In-patient Hospitalization
Underground facility type(s) and Operator(s) affected:		
Estimated Value of Damage (damage as defined under NDCC Chapter 49-23): \$	Number of Customers Affected	
Other impact of event: Attempts to locate the line added approx. 12 additional hydrovac hours to project costs and delays to work flow on the ROW.		
Please attach photos of Event Area or Damaged Facility		

PART I – SIGNATURE

Signature of Person Filing Complaint Donnie Gillett	Date 9/18/18

Telephone: (701) 328-2400

Description:

During the initial One Call request (Ticket #18098066) Oneok marked one pipeline at station 45+68 with pin flags (see attached alignment sheet page). After mowing, cutting ROW, and setting mats, we made a refresher one call (Ticket #18107428) to have visible utility markings again. After we requested the marking refresher, Oneok re-marked 14" gas line they had marked on the first ticket and they also marked an additional line 25' to the east of 14" that was not marked when the first ticket was cleared. We then called the hydrovac truck in to verify the line crossings. The original Oneok line that had been marked on both tickets was able to be located as marked. We hydrovaced a trench 8' deep and 10' across the second line they had flagged and were unable to locate the second line. We contacted Oneok and asked for more info on the line, they informed us it was a 4" abandoned line and could not confirm the location or depth. They suggested searching within 10' of the 14" line we found. we brought the hydrovac truck back out to try again and were unable to locate the line on the second attempt also. We called Kendrall with Oneok again and he sent Wade out within 48 hours to re-locate the line. We called the hydrovac truck back to that location and spent another couple of hours searching for it where he placed flags. Hydrovac opened a trench 6' deep and 5' wide on the 3rd suggested location and was unsuccessful in locating the line. After being notified of the third unsuccessful attempt, Kendrall came out and placed a new set of marking flags between two of our previous holes and the line was located.
