

Writing to formally remove my claim against Hunter Hanson and Midwest grain trading that was in the amount of 21,559.56 that I had sent in. I was contacted by Hanson back in the early part of December 2018 that he was issuing me a check in full. I received the check, but was placed with a 10 day hold due to there no being any information in the top left corner of the check. Late December the check cleared and I had received the money I was due for my wheat in the full amount. I am no longer seeking any reparation or payment from Midwest Grain since I was paid. This paper is to state that I want my claim to be thrown out of the case against the person, Hunter Hanson and company Midwest Grain Trading.
