**Comments:**

1. Summary
  - a. Received hand written claim on Jan 8, 2019. Had only copies of text messages asking about when deliveries could be made. Included a text that 1092.48 bushels of durum for the first load.
  - b. Received claim form on February 14, 2019, had only copies of text messages asking about when deliveries could be made.
  - c. PSC staff spoke with Kris Mortenson on July 3, 2019 over the phone. He did not know what trucking company(s) hauled the 2 other loads he included in his claim.
  - d. PSC staff contacted East Central Grain Marketing confirming no trade agreement with a Kris or Kristen Mortenson.
2. Differences in claim calculations explained:
  - a. Based on the text message history, the fact that we can only find one scale ticket for the claimant for the period when the deliveries were taking place, claimant and PSC can't find any other substantiating trucking information, NoDak estimate only lists one scale ticket, only the load that has a scale ticket is a valid portion of this claim.
  - b. Establishing the price of durum:
    - i. The claimant stated the price of \$6.15/bu.
    - ii. There is no contract, trade confirmation or any other documentation to support that price.
    - iii. That appears to be a reasonable price that MGT/NoDak was paying for durum at the time.

Summary table of how value of each load calculated:

Elevator	Destination Information - inbound		Pricing				Scale ticket Grade Factors				Contracts				
	Scale Ticket #	Delivery Date	Net Bu	Net Price per Bu	Gross Amount Due	Checkoff	NET Amount Due	TW	MST	Protein	Dock	Estimate #	ECGM #	Seller Contract	Midwest Contract
