**RE: ONEOK Bakken Pipeline, L.L.C.
20-Inch NGL Pipeline - McKenzie County
Post Construction Inspection
Case No. PU-18-399**

Dear Mr. Mann:

The North Dakota Public Service Commission retained a third-party inspector to conduct an as-built construction inspection in the above-captioned case.

An URL to the as-built construction inspection report (Report) can be found at:

<https://psc130.psc.state.nd.us/casedoc/2018/18-0399/129-010.pdf>

Upon review of the Report, please file the following with the Commission:

1. Documentation listed in Section 6.1 of the Report.
2. Status of reclamation activities, the re-grading of poorly graded areas, the maintenance of BMPs, and the potential need for additional BMPs for the concerns mentioned in Sections 5.2.6 and 5.2.6.1 of the Report.
 - a. Include a discussion of the lack of topsoil replacement and grading through the hills in the Little Missouri National Grasslands at Observation Points 9-13

130 PU-18-399 Filed: 7/9/2020 Pages: 2
Request for information

(see: Section 5.2.6), and the status of reclamation for these locations. If not fully reclaimed, what is the timeline and plan for reclamation?

- b. Include the status of the repair or replacement of non-functioning BMPs, the placement of BMPs in locations prone to erosion as indicated in the Storm Water Pollution Prevention Plan, and the placement of BMPs at locations where they should have been implemented at Observation Points 7-12, 15, 23, 24, 26, 27, 28, 38, 40, 45, and 46 (see Section 5.2.6.1). Specifically, address ONEOK's mitigation plans for these erosion issues and the maintenance of BMPs noted at those Observation Points. If a location(s) is not fully reclaimed, what is the timeline and plan for reclamation?

Please respond within 30 days.

If you have any questions regarding this letter, please contact me at 701-328-4153.

Sincerely,

Adam Renfandt
Public Utilities Analyst
