

**PU-18-404**  
**Wilson to Bowline**  
**Belle Fourche Pipeline Company**  
**Late-Filed Exhibit 9 – Landowner Waiver**

Belle Fourche identified two residences within five hundred feet of the Project route. Belle Fourche has obtained a waiver for the residence located in Township 148 North, Range 101 West, Section 27, and has filed a copy with the Commission. *See* Docket No. 21. With respect to the remaining residence located in Township 138 North, Range 101 West, Section 33, the landowner recently indicated it will execute a waiver and Belle Fourche is in the process of finalizing an agreement and obtaining the executed waiver. Belle Fourche anticipates obtaining the executed waiver shortly and will file a copy with the Commission as soon as it is received. For this reason, Belle Fourche respectfully requests the Commission issue a Project order and designate the remaining landowner waiver as an ordering provision as provided for in Belle Fourche’s Proposed Findings of Fact, Conclusions of Law and Order.
