Dean, thank you to you and your staff for taking the time to meet with Ron Gunsch and myself on October 26, 2020 regarding our objections to Revision 32 to Surface Coal Mining Permit KRSB-8603. I appreciate the time and effort your office has and continues to place on successful surface coal mine reclamation in the state of North Dakota. Having aired my concerns on the proposed changes to Mining Permit KRSB-8603 in our October 26th meeting, I feel the need for an informal conference would only take time away from the ultimate goal of proper and timely reclamation of my land associated with this Mining Permit. Thank you again, and if you have any questions or need any further information please contact me as needed. Terence
