Re: Cost of Gas Adjustment  
(COG) Rate 88 and Rate 99  
Case No. PU-19-008

Montana-Dakota will not seek a cost of gas (COG) adjustment change for the month of December 2019. The COG Adjustment tariff (Rate 88), Section 2(b) provides that "Montana-Dakota shall file to reflect changes in its average cost of gas supply only when the amount of change in such COG is at least twenty-five (25) cents per dk." The COG adjustment for the month of December 2019 results in a change of less than 25 cents per dk, and therefore, in accordance with the authorized tariff, Montana-Dakota will not seek a COG adjustment change for the month of December.

Montana-Dakota will not seek a Cost of Gas - Propane (COG) adjustment change for the month of December 2019. The Purchased Propane Cost Adjustment tariff (Rate 99), Section 2(b) provides that "Montana-Dakota shall file to reflect changes in its average cost of propane supply only when the amount of such change in COG is at least twenty-five (25) cents per dk." The COG adjustment for the month of December 2019 results in a change of less than 25 cents per dk, and therefore, in accordance with the authorized tariff, Montana-Dakota will not seek a purchased propane cost adjustment change for the month of December.
