Dear Sir or Madam,

Lan Norris in the FAA OE Group has recommended that you could confirm that there are no petitions on file for Southern Power's sixty-one Aeronautical Studies, numbers 2019-WTE-1173-OE through 2019-WTE-1238 (excluding 1185, 1186, 1187, 1199, 1234 which were previously terminated). Per the DNH letters issued for the subject structures, the determination was subject to review if an interested party filed a petition that was received by the FAA on or before December 01, 2019.

Please confirm, or advise if I can provide any additional information.
