Advantage Feature Package 2001A

If the following requirements are met, the customer is a "qualifying customer" for purposes of this feature package:

- a. The customer must have selected McLeodUSA as its presubscribed carrier for local, interLATA, intraLATA, and international services, and must enter into a 60-month agreement for these services on or after May 1, 2001; and
- b. The customer must purchase at least one data product (Web hosting, dial-up internet, or DSL) from McLeodUSA, at the same time the term agreement for voices services is entered into.

Qualifying customers who subscribe to Caller ID (Number Only) or Caller ID (Name and Number) service will receive a credit at least equal to the monthly price of the Caller ID option received, for each of the first three months of service. This offer is limited to areas where the local, long distance, Caller ID, and data services mentioned above are available.

Preferred Advantage7 Toll Free Plus

This is a switched outbound 1+ long distance service for business customers (a) with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling usage, calling card usage and international long distance usage; and (b) subscribing to Preferred Advantage7 Long Distance Plus. For every month in which Customer's actual long distance and toll free usage charges, including conference calling, calling card and international long distance, is less than \$50.00, Customer will be assessed a "LD Promo Shortfall Charge" equal to the difference between actual usage and \$50.00.

Long Distance rates for Preferred Advantage7 Switched Toll Free services require that a customer maintain an acceptable traffic distribution on its outgoing and incoming Long Distance calls. The total minutes of Long Distance calls must originate or terminate at least 70% of the time from or to end user customers located in a local exchange in which a Regional Bell Operating Company ("RBOC") is the incumbent Local provider. McLeodUSA has the right to switch customer to a different LD plan and provide service on a month-to-month arrangement when any customer's Long Distance terminates less than 70% of the time to a LEC providing local service in an RBOC exchange.

Customers without Local Service: \$0.1189 per minute
Customers with Local Service: \$0.0719 per minute

Preferred Advantage7 Business Flat Rate Toll Free:

This service is only available to customers subscribing to Preferred Advantage7 Business Flat Rate Long Distance. If Customer disconnects McLeodUSA Preferred Advantage7 local service purchased under the same PA MSA prior to expiration of the contract, long distance pricing will automatically revert to Preferred Advantage7 Business Flat Rate Toll Free without Local Service.

Installation charges listed as Service Description "Non-Recurring" apply for each new T1 service configuration. If the customer were to change physical locations and need new service at the new location, these installation charges would also apply. Change Order charge applies for each change request submitted after installation of the service. Conversion of service charge from T1 to PRI applies when the facility type is changed to PRI. The charge is equivalent to the Installation Non-Recurring charge. Other state and federal taxes and regulatory surcharges are applicable and are to be billed separately.

Dedicated Local PRI Service Rate Table 7.2.1: On-Switch Service

This service is intended to be utilized in conjunction with a customer-provided Private Branch Exchange (PBX) or similar system, utilizing a customer-provided DTI or channel bank. The service includes a digital T1 facility, local exchange switching and access to toll networks. Trunk signaling is done out-of-band on a separate "D" channel, typically the 24th trunk on the digital T1 facility. The customer shall be eligible for "Preferred AdvantageK Inter/IntraLATA Long Distance with Local" long distance rates on outbound toll services provided McLeodUSA. When Direct Inward Dial (DID)/Direct Outward Dial (DOD) service is ordered, DID numbers must be purchased from the Company. Where technically available, inbound and outbound calling ID number is a standard component of this service.
