Renewal 1 to Permit NACC-1302
Case No. RC-19-189
Revision 9 to Permit NACC-1302
Case No. RC-19-190
Approval**

**NOTICE OF FORMAL HEARING
November 21, 2019
Preliminary Statement**

On May 20 and 22, 2019, the Public Service Commission received the applications for Revision No. 9 and Renewal No. 1 to Surface Coal Mining Permit NACC-1302 from Coyote Creek Mining Company, L.L.C. for its Coyote Creek Mine south of Zap in Mercer County. Revision No. 9 identifies the next five-year coal removal subarea, modifies the post-mining topography and updates the mining and reclamation plans prior to the permit renewal. The five-year permit renewal allows Coyote Creek Mining Company to continue to operate within the existing permit area until October 22, 2024. Casey and Julie Voigt requested an informal conference on the revision and renewal applications. The informal conference was held on October 8, 2019. On October 21, 2019, the Commission conditionally approved Revision No. 9, subject to the right of any person that is or may be adversely affected to request a formal hearing, and approved Renewal No. 1.

On November 20, 2019, the Commission received a request for a Formal Hearing on the approved applications from Casey and Julie Voigt with concerns about reclamation, reclamation liability, dust control, water erosion, alluvial valley floors, and road closures and access.

Langdon serving error. Oakes got a tandem block from Cox and senior Jyla Novak, cutting Langdon's lead to 16-14. Freije once again denied Langdon's comeback bid, hitting the ball off of an Oakes blocker out of bounds for a 17-lead. A few moments later she put her team up by 10 points with a kill, giving Langdon a 19-16 lead. Christenson called a timeout, realizing the momentum was slipping away. The timeout didn't work this time, Langdon reeled off five straight points. Langdon ju-

nior Kaylee Lowery served two aces during the run giving her team a 24-16 lead. Oakes showed some fight under set-point pressure, forcing Langdon into a hitting error and lifting violation. Now, Oakes needed to fight their way all the way back. Oakes junior Jaida Seyer approached the serving-line and suffered a serving error into the net, ending the match. Langdon's win gave Rich Olson his fourth state title as their coach and 876th win.

asked board for permission to spend \$20,000, adding he has \$119,000 left in that budget line. Schwehr moved to allow Miller to purchase \$20,000 in scoria and stockpile it at the county shop. Dahl seconded. All voted aye. Motion carried. The board recessed at 10:18 AM. The board reconvened at 10:23 AM. State's Attorney Binder discussed a meeting held at the Beulah Civic Center on or around October 3, 2019. Binder stated there were three (3) commissioners in attendance at this meeting and quoted in the Bismarck Tribune and technically it is considered an open meeting, which needed to be noticed and minutes taken. Binder stated the Attorney General would ask the board create minutes to remedy the situation. Binder wrote up minutes and presented them to the board. Schwehr moved to approve the minutes of the October 3rd meeting for Dakota Resource Council meeting. Entze seconded. Berger stated this was not a meeting, it was a public meeting and he was public. Binder told Berger he is also a commissioner and cannot pick and choose. Berger stated the board should let the AG decide if he wants to prosecute. Binder stated he doesn't do that and wasn't sure why this was a big deal since the board is remedying the situation. On roll call vote Schwehr, Entze, Dahl, and Scheurer voted aye. Berger No. Motion carried.

State's Attorney Binder also discussed the minutes with the board and the AG's opinion she had previously sent the board. Binder stated NDCC allows for corrections, but not editorials or amendments. Binder added the minutes are the duty of the auditor. Dahl reiterated what he said earlier at the beginning of the meeting that all the minutes need to consist of is a motion, second, and roll call votes.

State's Attorney Binder stated starting November 1st the county is required to report Civil Asset Forfeiture to the state. Binder stated this requires a procedure be put in place of how the dollars come back. Binder added the process is to set up a board comprised of the Sheriff, State's Attorney, and Auditor to review Law Enforcement applications. It allows for disbursements up to \$2500 and more would come to the commission. Binder stated she was following the process Williams County put in place as were many other counties. No further action was taken.

Berger moved to have Auditor Brost have AVI come up and look at the sound system in the boardroom. Schwehr seconded. All voted aye. Motion carried.

The board discussed the transfer of funds. No action was taken.

The board gave their portfolio updates.

There being no further business

the meeting was adjourned at 11:12 a.m. The next meeting is scheduled for November 20, 2019, at 9:00 a.m. at the Mercer County Courthouse in Stanton, North Dakota.

On May 20 and 22, 2019, the Public Service Commission received the applications for Revision No. 9 and Renewal No. 1 to Surface Coal Mining Permit NACC-1302 from Coyote Creek Mining Company, L.L.C. for its Coyote Creek Mine south of Zap in Mercer County. Revision No. 9 identifies the next five-year coal removal subarea, modifies the post-mining topography and updates the mining and reclamation plans prior to the permit renewal. The five-year permit renewal allows Coyote Creek Mining Company to continue to operate within the existing permit area until October 22, 2024. Casey and Julie Voigt requested an informal conference on the revision and renewal applications. The informal conference was held on October 8, 2019. On October 21, 2019, the Commission conditionally approved Revision No. 9, subject to the right of any person that is or may be adversely affected to request a formal hearing, and approved Renewal No. 1.

On November 20, 2019, the Commission received a request for a Formal Hearing on the approved applications from Casey and Julie Voigt with concerns about reclamation, reclamation liability, dust control, water erosion, alluvial valley floors, and road closures and access.
