Brian,

My clients would like to meet in Hazen at my office. Let's try 9:30 MT.

We look forward to discussing reasonable terms for a replacement lease.

Pat

Pat-

The 24th after 9:00 MT works for us. We can meet where ever most convenient for you and your clients—Bismarck or Hazen.

The agenda items are the current lease and your clients willingness to discuss a replacement lease. However, if a replacement lease cannot be agreed upon, North American Coal Royalty Company will vigorously defend the validity of the current lease.

Please let me know the location and time you and your clients prefer.

Brian

Hi Brian,

If it works for you, Voigt's would like the September 24 date sometime after 9:00 MT. Can you let me know if that will work, the location, and the agenda? Thanks,
