Clyde,

Attached is the requested groundwater elevation data for 2018, the most current record. Also attached is a scan of a July 1995 aerial photo of the N1/2 of Section 34 which includes your tract of land. This image was printed from Google Earth. At Wednesday's meeting, you requested that this be emailed to you.

A while ago, you provided water table elevations. Could you provide updated water table elevations? Thanks!
