Siting Application

The Public Service Commission Staff is reviewing Dakota Access, LLC's application. Staff requests that Dakota Access supplement the application as soon as possible with the following:

1. Updated corporate papers.
2. An 8.5x11 inch black and white map suitable for newspaper publication with fonts of sufficient size showing town and county names, landmarks, and other features that are easily read when published.
3. Additional information regarding noise related impacts associated with operation of the pump station, such as a sound study conducted for the project to estimate the sound pressure within 100 feet of an inhabited residence or community building.

If you have any questions, please contact me at (701)-328-4077.

Best regards
