**Dakota Access Pipeline Pump Station – Emmons Cnty**  
**Siting Application**

**Case No. PU-19-204**

**NOTICE OF OPPORTUNITY FOR HEARING**

**July 10, 2019**

On June 20, 2019, Dakota Access, LLC filed a combined application to amend Certificate of Corridor Compatibility 179 and to amend Route Permit 191 for the addition of a pump station to its existing Dakota Access Pipeline. The pump station will be located in the South 1/2 Southeast 1/4 of Section 5, Township 132 North, Range 77 West, in Emmons County, North Dakota. The pump station will consist of five 6,000 horsepower electrically driven motors and pumps, which will allow for pipeline transportation of up to 1,100,000 total barrels of crude oil per day.

Also on June 20, 2019, Dakota Access, LLC filed an application to waive the requirements to hold a separate hearing for the waiver application, waive any hearing requirements and instead proceed by virtue of a notice and opportunity for hearing procedure.

The issues to be considered in the application for waiver of procedures and time schedules include:

1. Are the proposed facilities of such length, design, location, or purpose that they will produce minimal adverse effects and that adherence to applicable procedures and time schedules may be waived?
2. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

The issues to be considered in the applications for an amended certificate of corridor compatibility and an amended route permit are:

1. Will the location and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearings must be received by August 9, 2019.** If deemed appropriate, the Commission can determine the matter without a hearing.
