Victor I spoke with you the other day on the phone about the complaint filed against Fox Hills Fencing

The ticket number is 19064664 and was made for installation of a fence. We had been contacted by all other utilities other than Kinder Morgan. Kinder Morgan has normally always called to visit with us about the site. We never did get a call and moved on the project before our ticket was clear. This was my fault for moving forward too soon. Kinder Morgan did show up on site without notice on June 19th at 2:10pm and talked with employees and had told them that he was thinking about taking action because we began work too soon. Their line was crossed over with the fence with a t post that goes no farther the one foot in the ground and is installed but hand. The Kinder Morgan rep did try to reach out to me later and left a message which I was busy and was unable to return his call. The ticket was marked as clear/no conflict. I do understand that I moved to early on this ticket and will not let it happen again.

If you have any more questions please let me know

Thank you
