Hello, Shelly

We no longer have technicians in ND. We will have to let the licenses lapse. Thank you very much for the notification.

Regards,

Good Afternoon

According to our records, the metrology for all or some of the standards your company uses in North Dakota has expired. To date, we have not received the 2018-19 calibration reports for those standards.

If your standards have been recertified, please email me a copy of the calibration report. If the standards have not been recertified, please email me the name of the lab and the appointment date.

Please contact me if you have any questions. Thank you!
