In re: Denbury Green Pipeline-North Dakota, LLC
Denbury Green Pipeline-Montana, LLC
Cedar Hills South Unit Lateral Pipeline Project
Bowman & Slope Counties

Dear Mr. Kahl:

Enclosed for filing please find the following:

- 1) Denbury Green Pipeline-North Dakota, LLC and Denbury Green Pipeline-Montana, LLC's Amendment and Joinder of Denbury Green Pipeline-North Dakota, LLC in Application for a Certificate of Corridor Compatibility and Route Permit in Bowman & Slope Counties, North Dakota (original and 10 copies);
- 2) Replacement Page v (Acronyms and Abbreviations) and Page 1 of the application (Introduction and Facility Type) (11 copies);
- 3) CD's containing redacted and unredacted electronic versions of the application; and
- 4) Affidavit of Service by Mail.

Please feel free to contact me if you have any questions. Thank you.

Sincerely,

Wade C. Mann

WCM/lh

My Commission Expires: _____

BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF NORTH DAKOTA

In the Matter of the Application of Denbury Green Pipeline-North Dakota, LLC and Denbury Green Pipeline-Montana, LLC, for a Certificate of Corridor Compatibility and Route Permit for an approximately 9.23-Mile Long, 12-inch NGL Pipeline in Slope and Bowman Counties, North Dakota

Case No. PU-19-294

AMENDMENT AND JOINDER OF DENBURY GREEN PIPELINE-NORTH DAKOTA, LLC
IN APPLICATION FOR A CERTIFICATE OF CORRIDOR
COMPATIBILITY AND ROUTE PERMIT

Applicants Denbury Green Pipeline-North Dakota, LLC and Denbury Green Pipeline-Montana, LLC (herein collectively, "Denbury"), hereby submit this Amendment and Joinder of Denbury Green Pipeline-North Dakota, LLC in Application for a Certificate of Corridor Compatibility and Route Permit. On August 8, 2019, Denbury Green Pipeline-Montana, LLC filed an Application for a Certificate of Corridor Compatibility and Route Permit in the above-captioned case. Denbury Green Pipeline-North Dakota, LLC was inadvertently not identified in the application that was filed. Denbury Green Pipeline-North Dakota, LLC and Denbury Green Pipeline-Montana, LLC are joint applicants for the Certificate of Corridor Compatibility and Route Permit in this case.

The purpose of this Amendment and Joinder is to add and include Denbury Green Pipeline-North Dakota, LLC as a joint applicant in the captioned case and to correctly identify both Denbury entities as the joint applicants. In conjunction with this Amendment and Joinder, Denbury has filed an original and ten copies of two corrective pages in addition to an updated electronic version

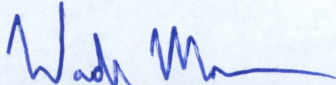

of the application on CD. The first corrective page replaces the original page v (ACRONYMS AND ABBREVIATIONS) to correctly reference Denbury to mean both Denbury Green Pipeline-North Dakota, LLC and Denbury Green Pipeline-Montana, LLC. The second corrective page replaces the original page 1 to correctly identify both Denbury Green Pipeline-North Dakota, LLC and Denbury Green Pipeline-Montana, LLC as the joint applicants who will construct and operate the proposed pipeline.

Dated this 19th day of August, 2019.

Respectfully submitted,

**Denbury Green Pipeline-North Dakota, LLC and
Denbury Green Pipeline-Montana, LLC**

1 INTRODUCTION

Denbury Green Pipeline-Montana, LLC and Denbury Green Pipeline-North Dakota, LLC (hereafter collectively referred to as Denbury) propose to construct the Cedar Hills South Unit (CHSU) Lateral Pipeline project (Project) that will consist of a 12-inch inside diameter, approximately 17.77-mile-long welded steel pipeline to transport carbon dioxide (CO₂) from a pipeline source in Fallon County, Montana, to Denbury's CHSU oil production facilities in Bowman County, North Dakota. Approximately 8.54 miles of the pipeline will be in Fallon County, Montana, and the remaining 9.23 miles will be in Slope and Bowman Counties, North Dakota (Figures 1 and 2).

The Project will provide for tertiary oil recovery from Denbury's production wells through injection of CO₂ into the oil reservoir which will result in increased extraction and utilization of crude oil resources in CHSU.

Denbury is submitting this Consolidated Certificate of Corridor Compatibility and Route Permit Application (Consolidated Application) to the North Dakota Public Service Commission (Commission) requesting a Certificate of Corridor Compatibility and Route Permit for construction of the North Dakota portion of the Project. In addition, Denbury is also submitting the enclosed Application for a Waiver or Reduction of Procedures and Time Schedules.

This Consolidated Application supports Denbury's request for a Certificate of Corridor Compatibility and Route Permit and complies with Chapter 49-22.1 of the North Dakota Century Code (NDCC) and Chapters 69-06-05 and 69-06-08 of the North Dakota Administrative Code (NDAC).

2 FACILITY TYPE

The proposed Project is composed of one underground pipeline and associated facilities for the transport of CO₂ from Fallon County, Montana, to CHSU in Bowman County, North Dakota, for use in Enhanced Oil Recovery (EOR) operations. The North Dakota segment of the pipeline will be approximately 9.23 miles in length, composed of 2.29 miles in Slope County and 6.94 miles in Bowman County.
