Re: Case PU-19-342

Dear Illona,

Verendrye Electric Cooperative and Otter Tail Power Co. have been working on an arrangement where our member, Justin and Allen Zerr (Zerr Family Farm), would be served by Otter Tail even though the service is in our territory. The service in question is for a new grain bin site.

We recently received a Notice of Opportunity for Hearing on the case.

While we are not objecting to the proposed arrangement with Otter Tail, the latest legal description sent to us by Otter Tail is incorrect. We respectfully request a hearing on this case to make sure we get the correct legal description documented in the case.

I have made several attempts to contact Otter Tail to correct the legal description, but they have not responded.

Let me know if you have any questions,

Sincerely,

Bradley G. Doll, PE  
Manager of Engineering
